

NORTH BUNCOMBE MIDDLE SCHOOL SCHOOL IMPROVEMENT TEAM AGENDA/MINUTES

October 11, 2017

SIT Agenda

Members present: Hannah, Moss, Moore, Peek, McDevitt, Clarke, Johnson, Morrill, Buckner, Yontz

Item 1: Assistant, Parent Needed, AIG

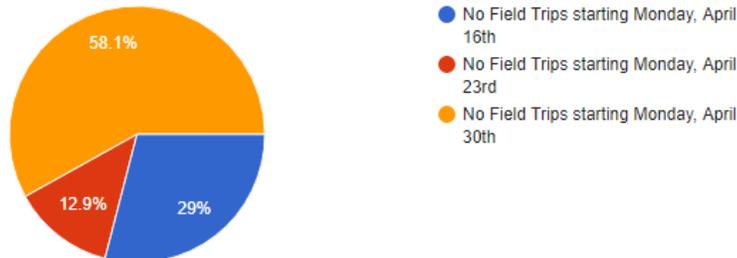

There is no assistant yet, Dr. Johnson will work with assistants to flex hours so they can come. PTO moved their meetings, so Kaye Roberts will be the parent representative. Ms. Moore will represent AIG.

Item 2: Last Day Field Trips are Allowed - Majority said "No Field Trips after April 30th." (Survey sent on 9/7 by T. Hannah)

Please select an option below.

31 responses

Looks like the end of April will be the end of field trips. No trips in May

Item 3: Safety Update

Evacuation drill will be this month. Mr. Yontz will send out info again before we do this. Teachers are doing better keeping kids where they need to be during 2nd load.

Item 4: PBIS Update

First AAA event is going to be Nov. 9 (Thurs). We will be following 1 hour activity schedule. We are leaning towards a movie. Something to keep the kids in one location so they are easy to find and keep up with who is where. Homeroom teachers will get a sheet with criteria at the time to identify who is going. We will be having an awards ceremony for grades at the end of the 9 weeks. Report cards go home Nov. 7th. 7th grade awards ceremony will be Nov. 14th at 8 and 8th grade Nov. 16th at 8. All students will be attending these ceremonies.

Item 5: Purchase of MobyMax

Online math program. It is the math version of NEWSELA. It will send a report to the teacher to let them know what is going on. Good source of data and practicing basic skills. Any teacher can use this program for when there is downtime. This is a program mainly for our EC population. We are getting a license to use with up to 200 students. We are looking into the Frontrow program to see if it would be worth purchasing this for the students

Item 6: School Improvement Plan PROGRESS REPORT

The purpose and direction section had to address the fact that we did not meet our goals as a school and how we are going to address this issue. The team read over the goals written by Dr. Johnson and discussed what they mean. The team agreed upon the changes.
